What is a slow jam?

Anyone, with any instrument, can get into this bluegrass jam session, even if you've never tried it before. All you need to know are four basic chords (G, C, D and A) to be able to play along with the band! A slow jam will give you the practice and the confidence you'll need to join a real jam session.

Schedule subject to change. Listen for updates from the emcees or check the information tent.
